2237-8370	8	\$55.89	\$447.08	The estimated shipment date is Feb 24, 2022

Total: \$447.08

## Configuration Details

MI Sensor Style	AF Style Thermocouple
Sheath Outside Diameter [in]	G - .125 INCH
Junction Type	U - Single Ungrounded
Sheath Material	Q - Alloy 600
Calibraton Type	Type K
Limits of Error	Special Limits
Mounting Options	None
Bend Option	Straight Length
Sheath Length [in]	12.000
Lead Wire Length [in]	30
Flex Hose	None
Flex Hose Length	0
Cold End Seal/Potting	500°F Epoxy
Transition Style	AF - 1/4" with Spring (700), Crimped
Conductor Style	STR - 7 Strands
Gauge Size	24 Gauge
Mating Connector (Y/N)	No
Tag Style	M - Standard Flag Label
Calibrate/Cert Type	Cert 1, 2, 3 & 4 - Cert of Compliance with Traceability to NIST and ASTM Tolerance
MI Cable Material Cert (Y/N)	Yes

Serial # Control (Y/N)	No
Lot Control	S - Single Lot
Part Code	AFGK0FQ120U402X

The price shown above is the manufacturer list price. While discounts may apply in some cases, additional requirements such as; **Copy Exact, Copy Exactly!, PQP, POR**, part exclusivity, custom cleaning and packaging, or special tagging or part marking will increase part price significantly and will require a new, dedicated part number to be assigned.

Watlow SELECT™ premium expedite will ship same-day if the order is received before 12:00 PM CST for US based products and 10:00 AM for Mexico based products. Expedite fee is \$125 or 25%, whichever is greater. Quantity limits apply. Estimated ship dates are subject to change.

Feedback on your experience is welcomed and encouraged (<mailto:select@watlow.com?subject=Watlow Visual Designer™ Feedback>). We appreciate the opportunity to be your thermal solutions supplier.

# Mineral Insulated Thermocouples
